

VidyaUpasna LMS

The learning management system for your school.

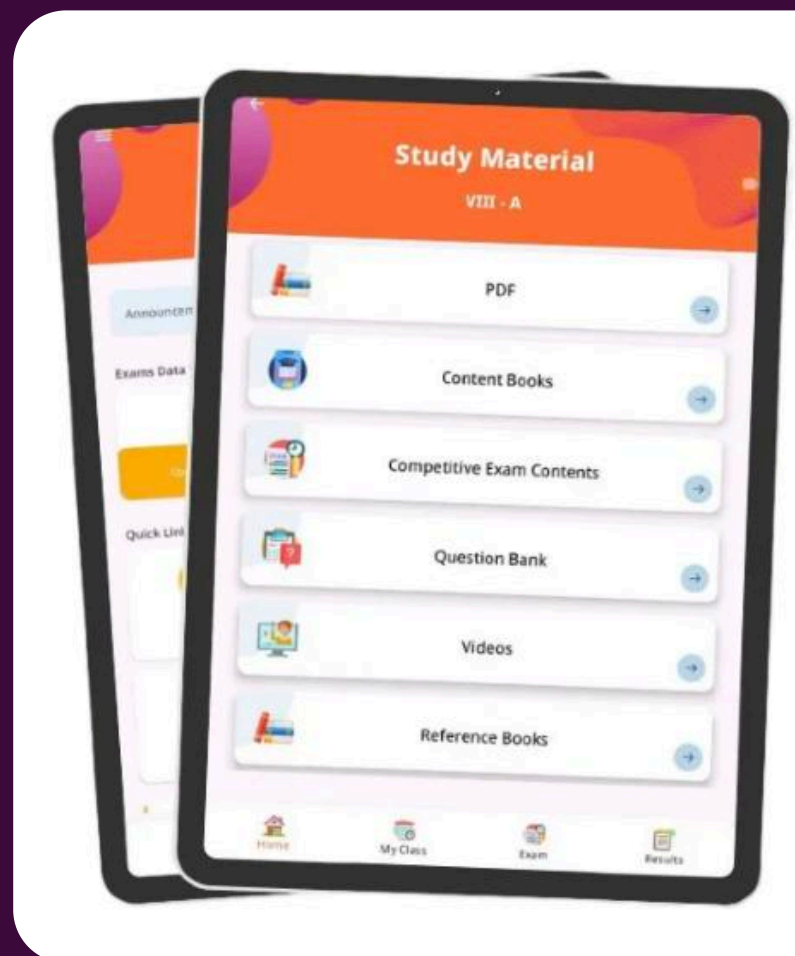

One platform for study material, videos, exams, homework and live classes. It has logins for management, teachers, students and parents.

For	<i>Schools and institutes</i>
Logins	<i>4 (admin to parent)</i>
Works	<i>Online and offline</i>
App	<i>Android</i>

Your own content

Exams with auto-check

Live classes

All your teaching in one place

VidyaUpasna is a learning management system (LMS). It delivers study material, runs exams and tracks the progress of every student.

Teachers

Create and share the content.

Students

Study, practise and give tests.

Management

Sees everything from one screen.

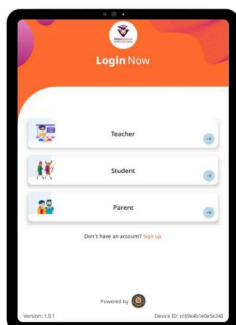

Parents

Can see progress reports and attendance.

It works for a school in a village and for a coaching class in a city.

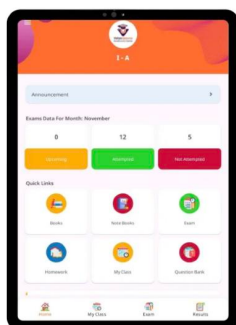

Simple screens for teachers and students

Real screens from the VidyaUpasna app.

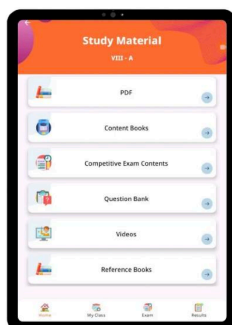

Login

Teacher, student and parent

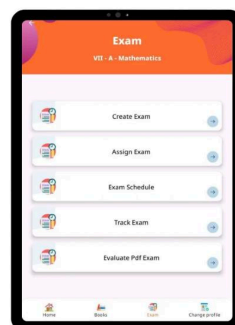

Dashboard

Everything on one screen

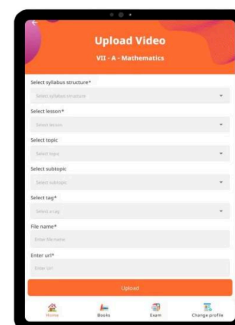

Study material

Books, videos and question bank

Exams

Create, assign and schedule

Upload video

Add your own lectures

From the lesson to the report

1. The teacher uploads

Notes, PDFs, videos and question papers, arranged by subject and batch.

2. The student studies

On a tablet or an Android phone. Content can be downloaded and used offline.

3. The test is checked

MCQs are checked automatically. The result comes on the spot.

4. The report is ready

For the teacher, the management and the parent.

Four logins

Admin, teacher, student, parent

Works offline

Download and study without internet

Android app

Runs on basic Android phones too

Live classes

Whiteboard, chat and doubts

Does it need the EduSoulX tablet?

No. The student app works on Android phones and tablets. On the EduSoulX tablet, students use it in a locked study environment.

How do we start?

Book a free demo. After that our team sets up the logins and trains your teachers at the school.

Teach online and offline with one system

Everything a school needs, from the first lesson to the report.

Your own digital classroom

- Upload PDFs, videos, links, slides and voice notes.
- Arrange content by subject, topic and batch.
- Schedule the release of daily or weekly lessons.

Exams, practice and auto-evaluation

- Create daily practice papers, mock tests and full exams.
- MCQs are checked automatically. Written answers are uploaded for review.
- Results on the spot, with progress tracking.

Live teaching made simple

- Live classes on the built-in video platform.
- Whiteboard, chat and hand-raise tools.
- Sessions are saved for revision, with a doubt-solving module.

Performance and reports

- Who watched what, for how long, and how many tests were given.
- Test scores with a topic-wise breakdown.
- Export reports to PDF or Excel for parent meetings.

One system, four logins

Each person sees only what they need.

VidyaUpasna LMS

Admin panel

Monitor everything from one screen.

Teacher panel

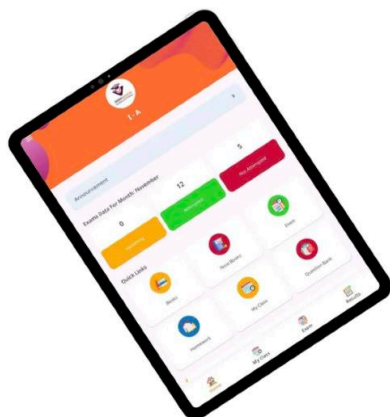

Upload, teach and evaluate.

Student panel

Study, test and revise.

Parent access (optional)

See progress reports and attendance.

For test series and mock exams

With the Exam Bash test engine, made for coaching classes.

- ✓ Chapter-wise, subject-wise and full-syllabus tests.
- ✓ Timed mock exams in the real exam pattern.
- ✓ Instant scoring, with batch-wise rank and percentile.
- ✓ Weak-topic and time-per-question analysis.
- ✓ Faculty can set their own papers or use the question bank.

Your content, your way

Other platforms give you fixed content. VidyaUpasna puts the control in your hands.

You create your content

Upload your own PDFs, videos, questions and assignments, or record a new lecture from the dashboard.

Go live at any time

Live class module with whiteboard, chat and doubt handling, inside the app.

Student-friendly Android app

Content, tests, live classes and announcements in one place.

For everyone who teaches

CBSE and State Board teachers, engineering and medical faculty, and competitive exam mentors.

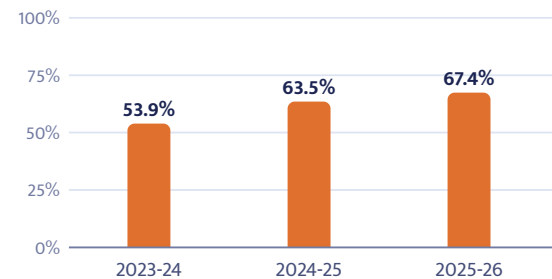

Quick to start

No technical skills needed. Real human support is just a call away.

No internet? No problem

Schools in India that have internet. About 1 school in 3 still has none, so VidyaUpasna lets students download the content and study offline.

For every kind of institute

Schools (CBSE, State Board, ICSE)

Colleges and universities

Medical and paramedical institutions

Engineering, polytechnic and IT institutes

Coaching centres (NEET, JEE, MPSC, UPSC, NDA)

Independent educators

Agriculture and rural training centres

Vocational and skill training institutes

We used to manage everything manually. Now everything is digital and simple. My students love the app!

Principal, rural Maharashtra

I have uploaded my own NEET preparation videos, and students from 3 cities are using it daily.

Medical faculty, Maharashtra
